Winter time is Christmas time. On Christmas Eve a boy finds an old magic tunnel in his attic. It says that there's a train ride on Christmas Eve to the North Pole. With wonder and joy the boy runs out to tell his family. His parents make a plan that they will go with him in the night to the magical train. It is in the middle of the night when it all starts. A loud crashing sound is heard. The train has been blown up by a dynamite. What is that noise? Who has blown up the train?
