Jyotish Junior Crack+ Free Download

===== Junior Jyotish is a powerful, intuitive application for astrology aficionados, offering a unique set of features that facilitate learning and understanding of the Indian system of astrology and astronomy. It also enables you to visualize and generate charts in different styles. All the user-friendly features are tightly integrated with your calendar. So, for instance, if you have birth data for Wednesday, April 8, you can generate a traditional chart that is ready for interpretation. In addition, you can select the quality of the chart by selecting one of the many color schemes. After you have determined your birth time, use the Quick Search feature to ask for a horoscope chart for any date in the past, the present or in the future. Select a chart type (North Indian or South Indian) and enter your birth data. You can also specify the birth location. If you are a beginner in Jyotish, you can input data for a person, which makes it easier to understand the principles of Indian astrology, especially the two basic tenets: the Parashara and the signs. Thus, by selecting the System's Approach for analysis, you can generate a personalized and accurate view of the natal chart, including the transit speed of the different planets. In addition, you can view each planet's influence on your zodiacal sign and get valuable insight into the cause of your destiny. Among other things, you can also search for and view all the dasha patterns that are occurring at any particular time. The program also calculates the lunar and solar eclipses occurring on your zodiacal location and produces a list of ephemerides. Jyotish Junior Features: ===== ● Simple, intuitive user interface. ● Intuitive calendar integration. ● Quick Search to determine birth date and horoscope chart for any date in the past, the present, or in the future. ● Excellent user-friendly features. ● Horoscope chart generation for 8 angles, 7 houses, and 3 planets. ● Astrological divisions. ● More than 30 color schemes. ● Detailed interpretive reports. ● Great System's Approach analysis. ● Multi-language support (Czech, English, French, German, Italian, Portuguese, Russian, Spanish, and Spanish-Basque). ● Adat, Dishe, Dasei, and Drishti chart style ● Horoscope and zodiacal combination charts.

Looking at the list of characteristics for a ruler in the Junior Jyotish application, one would get a list of the planet, its description, its name, characteristics and degree of ascension. In the case of planet Jupiter, the description is 'Gives life inauspicious results' and Jupiter's ascension is Part 2. If one looks at the list for the planet Mercury, the description is 'The planet of intellect, aspiration and happiness' and mercury's ascension is said to be Part 1. These Ascensional parts are taken from the Bhava shastras – The books of the planetary attributes. For some planets, the ascension is not marked as it does not show any characteristic or aspect. If you look at the list for Mars, the description is given as 'The planet of sexuality and aggression', but it does not show any ascensional part.
