This set of Free Game Icons Product Key offers game developers a variety of images that will come handy for all the kinds of computer games you can imagine. It includes icons for Lock, Door, Apple, Chain, Jester, Wizard, and many more. All the images provided come in three sizes (32x32, 48x48 and 64x64 pixels) and in a True Color color format with a semi-transparency alpha channel. These items come as PNGs that feature a transparent background. There are many different ways to get icons for your application. One of them is to design those icons yourself using one of the widely available icon-editing programs. But that could be a hard task, if your drawing skills are low or not present at all. The other way is to use a search engine and get the icons free of charge from someone, who does have some drawing skill and therefore, managed to create the icons and put them on the net. There is only one problem with those icons - their quality.
