2.19 out of 5 Game Indue 10 June 2017 Very well done... "An RPG that shoots your adrenaline straight to your heart." Tarnished Souls is the latest game from studio Nitrome and our review covers: -Gameplay -Storyline -Graphics -Features -Languages -Age Rating (I scored this game an 8/10) Gameplay 4 Sullen Sword is an action RPG that excels in creating an immersive experience. The game is comparable to a number of popular titles in the genre such as Breath of the Wild, Zelda: Breath of the Wild, and God Eater 2. In Tarnished Souls, you get to live out the fantasy of being an ardent warrior in the time when the Elden Empire occupied a certain area of the world. To free the area from the Elden Empire, you have to fight with the forces of the empire and also many other assassins who work for the Empire. A varied setting that offers several different feelings, along with a variety of backgrounds to play out in, will give you an immersive experience. The game features a beautiful hand-drawn 2D art style, as well as a well-drawn storyline and characters. Music is done very well with a number of songs giving the game a nostalgic feel. One thing you may want to know is that this title is very complex and challenging. There is a lot to do in-game, not only in terms of leveling up, but also in tasks such as defeating enemies that offer a challenge to the player. The player also has the opportunity to upgrade weapons, armor and various other items through various missions. Storyline 5 The story is quite well-written, and the characters have a deep personality to them. In

the beginning of the story, the player only sees the very, very short introduction of a woman named Eithne. The tutorial mission is simple but interesting; it makes you familiar with the controls and the game. After that is a place where the story takes place. The story is more about you, the player, rather than Eithne. You can customize Eithne's armor and weapons to make the journey more challenging and to give you a deeper insight into her personality. Eithne, after you send her out from the tutorial, confronts a Queen, together with a hero named Seri, who is in bff6bb2d33
