An action RPG game that starts from the first era of New Fantasy, where the first lord Elden, Tarnished, becomes the founder of the Tarnished Dynasty and the first monarch of Elden. Through all the history of the lands between, Tarnished will form an alliance with the Mages of Blackstone and the Elves of Dungeekin. With the power of the Tarnished Ring, seek out and obtain the other rings of the Tarnished Dynasty, and bring the Day of the Fallen to an end in ancient times. ————— TESTIMONIALS “Tarnished has expanded on my expectations. I have been playing the game for months now, and it is my favorite mobile game currently. I never thought that a mobile game could feel like a ‘real game’.” Kim Hyung-sung, CEO of a global online games company “What I love the most is that Tarnished is an action RPG, but rather than controlling the movement of the character, the player can freely change the direction and move around the action at will. I found myself surprised by the game that I already played for many times.” Bae Geon-il, actor ————— TEN HINTS AND TRICKS ■ Hint #1 The game’s graphic engine is designed so that you can enjoy easygoing battles even with low-spec devices, such as mobile phones. ■ Hint #2 Please be sure to select the characters that you want to equip with the character customization feature. ■ Hint #3 Before adventuring, try using the in-game tutorial or go through the game’s beginner’s tutorial. ■ Hint #4 In the game, there is a particular character that can raise the level of the entire party to an even higher level. ■ Hint #5 When you collect items from the field, you can use them on your equipment. ■ Hint #6 If you want to complete all the objectives and reach the highest level before battle, you can use items that gives temporary stat bonuses. ■ Hint #7 If you find that your character speed is slow, you can increase its speed by equipping a weapon with a powerful damage buff. ■ Hint #

## Features Key:

**The Craft of the Elden Ring** - Mechanically action, character development, and an epic story were combined to form a narrative package that goes to a new level.

**Authentic world** - The open world is full of life and it feels like a living world that is unique to each player.

**Unprecedented character customization** - With an abundance of character customization options, you decide your appearance, weapons, and wearables.

**Award-winning visual effects** - All of the character’s motions have been carefully designed by a long history. The vivid usage of shadow has been re-created by using the Unreal Engine 4, resulting in a graphics quality that is near-unmatched in the games industry.

**Beautiful graphics** - The battle scenes and landscapes are compelling. You will find yourself captivated by the romantic and beautiful scenery.

**MULTIPLAYER online gaming services** - A balance role-playing game and action game, you can directly connect with others to customise and activate your own actions in the world.

GYGAON ENTERTAINMENT Inc. will be providing a short pre-sale exclusive for freelancers! >Extra 15% from Sept. 3 to Sept. 12

**Now, I would like to take a closer look at what makes games become awesome. If we go back to the old school era of video games (such as before Doom), the games were nice if you played them alone, but they were not very fun if you played them with other players. Nowadays, however, the Playstation 4 and Xbox 1 already support online play, and we can easily play online with friends while connecting to the internet, and we can have a different variety of games to enjoy while playing online together with the others. So what makes people play a game as a crowd? If we look closer, we would see that you can communicate with the others while playing, and every conversation and activity has its own camera that can be shared by all of the players. That is what makes this game become a truly awesome online game. When you play this game, you can enjoy not only playing against the computer, but also playing it with the others. Your exploits and choices will make you friends, and you can enjoy this journey together with the others. — Galaxys This game is a great communication platform that enables you to play together with the others, and enjoy the game fully. — WorldZe This game is an awesome game that shows a bit of nostalgia, but it is also a casual game that you can enjoy with your family or friends. — Berlijna If you are looking for a game that allows you to enjoy it both with and without internet connection, then this game would be great to add to your collection! — Beni Think back to good old times when you played together with your friends online. Now that time has come again. — Yde Who would have ever thought that a game would be played in this way? When I look at this game, I see the old school platformers and JRPG's of the old school era. — Reo I'd like to introduce you to a game that you would have never expected in the past! An amazing action game that you can play online with friends. This game is a good treat if you are looking for a game that is a little chaotic while having fun! — Jullie If you are looking for a game that will let you play with both offline and**

## **What's new:**

**22/02/2018(JP) Yu Darvish wears a T-shirt printed with 真実の光 Photo: TAMURO KIMURA. We're always amazed when a major talent lends a hand to small fan creations, but rarely do they actually do it for free. The artist, TAMURO KIMURA, provided Game Watch with a photo of baseball legend Yu Darvish when he stopped by the Atami art exhibition "Hajimete no Tsubasa" on January 31st. He is wearing a T-shirt printed with the emblem "真実の光", Japanese for "A beacon of truth". In addition to making a generous gesture, he added a few phrases, such as "The beginning begins at the end of expression" and "Cries for truth are destined to be mixed". Thank you very much, Yu! TAMURO KIMURA has been sending images of artists in the Meiji art exhibition since his appearance on Saturday, so you can be sure to see a lot more from him in the upcoming pages of Game Watch. There were plenty of great works on display, both in the indoor and outdoor galleries. If you can't make it to Atami this year, head over to the web page for the exhibition and explore over 2,000 images of artwork from all over the world. The exhibition will be in Atami until February 10th and you can get a taste of the art — and maybe get your work seen by enough people to make it into the exhibition — by entering the website lottery. Hajimete no Tsubasa is taking place at five venues from January 18th to January 31st. According to their descriptions, the Meiji era movement was a force for change that greatly influenced Japanese culture, and for the first time, they were able to see it all at the same time through art. A special exhibition space dedicated to portraits, woodblock prints and murals will be in the Tokyo Marui building until February 10th, so don't miss out if you're in the area. TK is also participating in a wide range of events throughout the exhibition, so grab your tickets and get yourselves to Atami! Website: Source**
