“Hackmud is a game of guilt, grief, and endless catharsis.” “Playing Hackmud is a very peculiar experience. It is punishing in the very way it is played. It is a sinkhole that pulls you in and never lets go. Nothing is too hard – the game will ruin you if you’re not careful. Of course, when the game gets you, it’s like falling into a bottomless pit – it’s the best thing ever, and you want to do it again and again. It’s perfectly okay to enjoy this game, but only if you have a strong heart, and if you don’t have a strong heart, then there is no doubt you would rather die than play Hackmud.” – DANIELLA THOMPSON Creator of Hackmud “Hacking the Mud: A portrait of a Last Guardian by a Last Guardian.” – DANIEL THOMPSON Creator of Hackmud “Hackmud is an obscure and greatly underrated game. Why? Because it’s completely unapologetic about what it wants to do, and it does it well. But it does it so well, and puts you right there with the poor bastard about to be murdered and the others who have to make a choice, that you can’t help but love it and it couldn’t be more human or more important. After playing Hackmud, I feel like I have more sympathy and understanding of Luke Skywalker than I ever thought possible.” – JOSH MUDVAI Creator of Hackmud “Hackmud is hard to explain and impossible to convey. It is about managing a pool of people to plot the destruction of humanity and in the process create pure human misery. It is a game that makes you feel like you are watching a really bad film. And it makes you feel like you’re done feeling bad for like one hour or so, and then it changes. It changes again and again and again.” – CATHERINE DANE Artist “Hackmud is incredibly difficult and yet infinitely rewarding.” – NICK BROWN Artist “Hackmud is a beautiful game, one that succeeds as a narrative and a game.” – ALEXANDER LUCAS Artistic Director, The Design Museum

Help Boss Laboureur reach his mark of 1000 Population during the Paris to Reims Challenge - it is not for the faint hearted. Given the craziness of the crowds, the fear that the rush to the finish line will cause, you might not be alone in wondering how to get there first. To speed things up, the French have made a bet. If Boss can reach his target, the whole country gets a reprieve from a 15-year long drought. Game Editions: This Game comes with 4 Editions: Pricing applies to the digital version of this game. It's a marriage made in heaven. Make it in the nutty summery months, when the weather is warm and you need an irresistible treat to encourage your romantic dreams. *Adapted from The Wartime Cookbook, Desmond Morris, 1976. Ingredients 125g unsalted butter, at room temperature 1/4 cup caster sugar 1/4 cup single cream 2 eggs, separated 1/2 teaspoon vanilla extract 1/2 cup coconut flakes, plus extra to decorate Method Mix the butter and sugar together until combined. Whisk the cream, egg yolks and vanilla together. Whisk the cream mixture into the butter mixture until combined, then whisk in the coconut flakes. Place the egg whites in a clean bowl and beat with a clean, dried hand-held electric mixer until soft peaks form. (You may need to whisk with a fork for a few minutes first.) Fold one quarter of the egg white mixture into the cream mixture to loosen the batter, then fold in the rest of the egg whites. Transfer the batter to a baking dish or small loaf tin (6-7cm in diameter) and place in the centre of a preheated 180°C (350°F) oven. Bake for around 25 minutes until the centre is c9d1549cdd

HEXCEE Gameplay HEXCEE is a Free 2D life-like party game where your aim is to reach the end of the level through a maze and find the treasure. You have to use your money wisely and every game is different because there are two paths you can take: 1) Door path: this way you have to move your marker (red dot) towards the treasure in the end of the level. 2) Random path: you have to reach the treasure without anything around you. Decide which path to take after you see how the game works and what makes it so exciting: the turn-based gameplay and the ability to interact with your surroundings and enemies. How to Play Each level is represented by the maze where your goal is to reach the treasure in the end of the level. You start with \$30. The goal is to earn more money through bonuses and unlockables. The level of difficulty will be different on every level and depending on the conditions of the level you might face random events, like a storm, big bosses, and robbers, to steal your money and make you lose your precious time. Try to discover the secrets of Inventa and solve the mysteries of the lands. HEXCEE is
