References External links Category:Bundaberg Category:Wide Bay-Burnett Category:Localities in QueenslandQ: MacbookPro won't shut down for at least a minute My MacbookPro is perfectly fine. I can use it. Every time I shut it down and try to use it again, it won't turn off at all. It just hangs there not responding. If I press the power button it just turns off and on again. Nothing happens. I'm using an early 2008 MacbookPro. Does anyone know how to fix this? A: This isn't a solution but someone has already posted a suggestion. From a macbook pro 2011 and I also had similar issues. Here is a document on a macbook pro from 2009 - I just went back to os x 10.8.4 and
